

About Us

Hemmen is a business brand under PT Berlian Jaya Sanitary, specializing in the sanitary industry. Established in 2017 by Mr. Aliong Lie, who brought 15 years of experience in a similar industry, PT Berlian Jaya Sanitary has quickly grown to become one of the key players in the market. Hemmen imports a wide range of high-quality sanitary products, including faucets, showers, wastafel, sinks, closets, and bathroom accessories. These products are distinguished by their elegant designs, 5-year warranty, and affordability. Our products are distributed nationwide through modern retail networks, reaching various segments of society across Indonesia.

With strong research and development capabilities in the faucet industry, Hemmen is committed to continuous improvement through Technology Enhancement, Process Optimization, Production Advancements, and Business Process Re-engineering. These efforts ensure we deliver high-quality products and services to our customers.

Vision

Become a top national company in providing innovative and high-quality products at affordable prices.

Mission

1. Develop innovative and high quality sanitary products that are able to meet customer needs and follow current trends and developments
2. Provide affordable and easily accessible sanitation solutions for remote and developing areas throughout Indonesia.
3. Helping consumers decorate their homes and bathrooms to make them appear elegant and exclusive.
4. Preserving the environment by creating products that are safe and comply with the terms and conditions that apply in Indonesia.
