

About Us

About US

STARKFLOOR™ was born in 2011 under S&G Indonesia corp. STARKFLOOR™ represent product that design to be tough, durable and BUILT TO LAST. S&G stand for Stark und Glänzend, Stark means Strong and Glänzend means shiny. S&G Indonesia act as Indonesia's main distributor of STARKFLOOR™.

With more than 30 years experiences in special paint industries, founders and staff of S&G Indonesia committed to learn and grow together by creating innovative STARKFLOOR™ products which has support from principal company and transfer technologies from Germany to maintain excellent quality base on the orientation of the needs and customer satisfaction.

Only for a short time STARKFLOOR™ products already gain a trust from many big and public listed companies around Indonesia. STARKFLOOR™ waterborne epoxy launch in 2013 driven Indonesia green floor topping industries and we are proud to be the pioneer. Focus on the development market of Green STARKFLOOR™ products is one of our commitments to the earth. STARKFLOOR™ already certified by HACCP food safety program and Green Label Indonesia as our commitment to our partners and end customers.

S&G Indonesia consistently build a partnership with certified applicator by STARKFLOOR™ product knowledge training, technical knowledge seminar, and provide technical service and problem solving at jobsite. Good teamwork, and great responsibility are our main key point to grow together with our partners. Our partnering approach covers not only products but also systems and services. This is your guarantee that you are dealing with a partner who wants to know and understand your requirements and who will take a holistic approach to find a smart solution to meet your needs.

Why Choose Us
